## DESCRIPTION

The Cooperstown Brewing Company was founded in 1994 in Cooperstown, NY, an area with a rich tradition in the history of beer making. Settled by Englishmen in the early 1800's, Cooperstown once had two English breweries. This was also a major hop growing area in the late 1800's. In our brewing, we use the finest two-row English barley, West Coast hops and Ringwood yeast. We invite you for a tour and tasting in our microbrewery, located ten minutes south of Cooperstown.
